

## CAST IRON ROUND WEIGHT

### RW 2 Stackable Sash Weight

For residential applications, SRS manufactures 2 pound stackable cast iron sash weights. The stackable feature lets you easily optimize these round weights to match your sash weight and the  $1\frac{3}{8}$ " diameter allows them to be used with narrow weight pocket doors. Combine SRS RW 2 weights with our convenient AOW  $\frac{1}{2}$  lb weights to reach any weight required and achieve perfect balance in your window.
